

Advisors:

Professor Dr Jean-Marc Orgogozo, France

He graduated from the University of Bordeaux, France, and qualified as a Neurologist after fellowships at La Salpêtrière Hospital in Paris and in Bispebjerg Hospital in Copenhagen. Dr Orgogozo is currently the Head of the Clinical Neurosciences Division at the University Hospital and a Professor of Neurology at the University of Bordeaux. Among other international responsibilities, he is past-Chairman of the European Stroke Council (ESC) and of the European Union Affairs Committee of the European Federation of Neurological Societies (EFNS), past-officer of the European Stroke Initiative and past member of the Membership Committee of the American Academy of Neurology. He serves as an Expert in Neurology to the World Health Organization (WHO), for which he was responsible for the Neurological Adaptation of the WHO International Classification of Diseases-10. Dr Orgogozo was also the Chairman of the Steering Committee of the International Working Group Harmonization for Dementia Trials. He is or was on the Editorial Boards of Stroke, Neuroepidemiology, Annales de Cardiologie et d'Angéiologie, Dementia, European Journal of Neurology and Cerebrovascular Diseases. He has published over 300 articles on various neurological subjects, particularly on clinical trials for the treatment of cerebrovascular disease and dementia, with a special interest in the aging brain, the epidemiology of dementia and the neuropsychology of dementia.
