

# 13<sup>th</sup> International Congress of the Asian Society Against Dementia & 6<sup>th</sup> Singapore International Neuro-Cognitive Symposium

Early Diagnosis and Timely Intervention of Neurocognitive Disorders

Date of Event: 28 – 31 August 2019  
Event Venue: Shangri-La Hotel Singapore

## CONFERENCE HIGHLIGHTS

### Plenary Sessions

- Trajectory and Risk Factors for MCI: Findings from The Singapore Longitudinal Ageing Study
- Cerebrovascular Disease: Biomarkers, Cognitive Trajectories and Strategies for Intervention
- Diabetes and Dementia: Blood Biomarkers, Cerebral Atrophy and Functional Networks
- Biomarkers of Cognitive Impairment and Dementia: Amyloid
- Integrating Alzheimer's Disease Biomarkers into Clinical Practice: Benefits and Challenges
- Plasma Amyloid Biomarkers for Alzheimer's Disease: Current Status and The Future
- Insights into Alzheimer's Disease Pathogenesis with Tau PET
- Current and Future Treatment of Alzheimer's Disease – Clinical Trail Perspective
- Vitamin S – A New Way to Think of Sleep
- Person Centred Card for Dementia in The Acute Hospital Setting
- Early and Timely Diagnosis of Dementia-Role of Advanced Practice Nurses
- Rapidly Progressive Dementia: Updates on Diagnosis and Management
- Making Sense of Primary Progressive Aphasia
- Neuroinflammation in Neurodegenerative Diseases: Current Evidence and Future Directions

### REGISTRATION FEES

Registration fee is payable in Singapore Dollars and is subjected to 7% GST rate.

Registration Category	Early Bird Registration Registration and payment must be made by 30 June 2019.	Normal Registration Registration and payment received after 30 June 2019.
<b>Main Conference (29 – 31 August 2019)</b>		
Physicians and Principal Investigators	SGD900.00	SGD1000.00
Nurses, Allied Health Professionals and other Medical Professionals	SGD750.00	SGD800.00
Trainees/Students <i>Includes Research Fellows/Research Assistants/Research Associates and University Students</i>	SGD575.00	SGD650.00
<b>Pre-Conference Workshops (28 August 2019)</b>		
WK1) Practical Approach to Cognitive Evaluation		SGD150.00
WK2) Neuroimaging for Dementia: Structural MRI and PET		SGD150.00

Group Registration Discount (for Main Conference only):

10 to 19 delegates – 10% | 20 to 29 delegates – 20% | 30 delegates & above – 30%

### Parallel Sessions

- Screening Instruments for Dementia
- Pharmacological Management of Dementia: New Agents, New Strategies
- Improving Caregiving of Dementia
- Non-Pharmacological Treatment of Dementia
- Young Onset and Reversible Dementia
- Neuroimaging and Fluid Biomarkers in Dementia
- Vascular Cognitive Impairment
- A Critical Evaluation of the Best Interest Principle in Mental Incapacity

### Pre-Conference Workshops

- Practical Approach to Cognitive Evaluation
- Neuroimaging for Dementia: Structural MRI and PET

### FOR ABSTRACTS – POSTER/ORAL PRESENTATIONS

Submission Closing Date: 15 June 2019

Doctors, researchers, nurses, therapists, allied health professionals, students and programme coordinators are invited to submit abstracts related to clinical and research aspects of dementia. Please visit <https://www.nni.com.sg/events/education/13th-asad-6th-ncs> for more information.

### CONFERENCE SOCIAL PROGRAMME

Date & Time: 30 August 2019, Friday, 6.30pm to 9.30pm

Each main conference registration will be entitled to a ticket for the Social Programme. Each participant may bring one guest to the Social Programme at a ticket price of SGD110.00. Pre-registration is required.
