Venue: IC & SR Auditorium, Indian Institute of Technology- Madras

Dates: 28th to 30th September, 2007

Dear Friends,

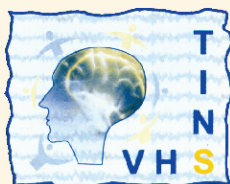

It is with great pleasure that we invite you to take an active part in this regional congress. Dementia is the most important disorder of aging, one that poses a looming threat to the Asian region, with its exponential increase in elderly populations. This timely and comprehensive conclave will help us develop an action plan with Pan Asian ramifications and to improve our clinical skills and services through interaction with regional and international experts. It also promises to be an academic, culinary and cultural feast. We look forward to welcoming you to Chennai.
